

Shivam Sharma
(2009-2013)
Computer Science
Data 64
(C.T.C. –10 lac p.a.)

“RDEC is more of a training centre than an academic institution. This college has given me immense confidence to work in the corporate world. I guess that is the reason that today, Just before completing my course at RDEC, I got placement in company like Data 64.”

Garima Chaurasia
(2006-2010)
Computer Science
ORCALE
(CTC – 8 lac p.a.)

“What I learnt at RDEC was the joy of learning. I enjoyed every bit of it. The industrial training, the classrooms, the faculty, the curriculum.. My colleagues often ask me- “ where did you learn so much” .

Paritosh Singh Negi
(2006-2010)
Information Technology
Flight Lieutenant
INDIAN AIR Force
(Government OF India)

“I am from the first batch of B.Tech. I am in IAF today because of training centre for SSB which RDEC has in its campus. Thanks RDEC.”

Ravin Kumar
(2006-2010)
Computer Science
Flight Lieutenant
INDIAN AIR Force
(Government OF India)

“But for Training and exposure provided at RDEC’s training centre for SSB, I would have not cleared SSB Test. Thanks to RDEC today I am an officer of the IAF.”

Anoop Shukla
(2006-2010)
Computer Science
ORCALE
(CTC – 6 lac p.a.)

“At RDEC professional consultants were available to us to discuss any aspect of our learning and giving us personal guidance which helps us a lot during our placement interview.”

Ankit Bhardwaj
(2006-2010)
Computer Science
ORCALE
(CTC – 6 lac p.a.)

“I recall my tenure at RDEC as one where my knowledge and understanding of my future career increased daily under the guidance of some of the best faculties & industry professionals.”

Nidhi Gupta
(2006-2010)
Information Technology
ORCALE
(CTC – 6 lac p.a.)

"Today I am working with the best Product base company "Oracle". The profound learning and training that I received during the four year has empowered me to handle technical communication for professional brands at Oracle. I owe my success today to the motivation I received from my tutors at RDEC."

Pranay Garg
(2006-2010)
Computer Science
Cognizant Technology Solutions
(CTC – 7.5 lac p.a.)

"Joining RDEC has been one of my best decisions in life. It helped me enhance my skills and creativity. The Infrastructure and Faculty was amazing as compared to Indian Standards."

Prachi Yadav
(2006-2010)
Information Technology
Middleware Engineer at Red Hat
(CTC – 4.5 lac p.a.)

"No college in India provides such a platform for success. I want to be a part of the RDEC family now and always!"

Abhay Pratap Singh
(2006-2010)
Information Technology
TCS
(CTC – 4.5 lac p.a.)

“For fresher’s like us it was indeed a pleasant change. It helped us to build a strong foundation as it struck the right balance between theory and practical learning. The teaching methodology and teaching faculty at RDEC are great.”

Alka Rani
(2006-2010)
Information Technology
Software Engineer at Manhattan Associates
(CTC - 5 lac p.a.)

“It has been great experience at RDEC. I made many new friends. The faculty is very friendly and co-operative.”

Achyut Tripathi
(2006-2010)
Information Technology
Infosys
(CTC – 4.5 lac p.a.)

“I got a great education from RDEC. The innovative teaching by the faculties enhanced my presentation and communication skills. I am happy to have chosen RDEC as a stepping stone to my career.”

Anjali Gupta
(2006-2010)
Information Technology
Accenture
(CTC – 5.5 lac p.a.)

“The greatest strength of RDEC is the course content taught by experienced faculties, which developed new skills to succeed in our careers.”

Amit Tiwari
(2006-2010)
Information Technology
HCL
(CTC - 4 lac p.a.)

”The placement team was great! They were calling me all the time to update me. They also placed me in interviews that best suited me and my interests. They eased me through the decision making process and made sure I was prepared all the time.”

Anuj Patil
(2006-2010)
Information Technology
Zeventech
(CTC - 4 lac p.a.)

“The lecturers really pushed us and taught us the value of a unique idea. I interned with Zventech and went through the Traineeship Programme with a leading company. I was given the opportunity to work on live projects and I have got my dream job.”

Chaitanya Sonkar
(2006-2010)
Computer Science
SCR Analyst at American Express
(CTC – 7.5 lac p.a.)

“RDEC provided me the skills which gave me a platform to rise in my company faster than any of my colleagues from other Engineering Colleges.”

Chandani Gangwar
(2006-2010)
Electronics & Communication
Mentor Graphics
(CTC - 8 lac p.a.)

“I tell everyone that RDEC Training through its Innovation centre is superb. The experience is necessary for a better career and to excel in the workplace.”

Deepak Yadav
(2006-2010)
Electronics & Communication
Bharat Electronic Limited
(Central Gov. Job)

“The faculty at RDEC is highly cooperative. It was fun to study here. I had no idea about programming & design but I had passion to learn. After B.Tech I got job in a renowned company.”

Lalit Gupta
(2006-2010)
Computer Science
National Informatics Centre
(Central Gov. Job)

“I was enjoying my days here. The teachers were very good. It had been a fulfilling experience.”

Lokit Prakash
(2006-2010)
Mechanical Engineering
Delhi JAL Board
(Delhi Gov. Job)

“Really it is true that”RDEC is a bridge to our future”. I fondly remember my RDEC days.”

Nishant Tyagi
(2006-2010)
Mechanical Engineering
Sr. Production Engineer at Hero
Motors Ltd
(CTC - 6 lac p.a.)

“Holistic world class education, industry relevant modules at RDEC enabled me to take on the AUTOMOBILE industry. RDEC provided a exposure to core Industry and related fields.”

Richa Lakhmani
(2006-2010)
Electronics & Communication
Tech Mahindra
(CTC - 5 lac p.a.)

"Four years ago, when I had joined RDEC, I had ideas but no clear-cut vision. The college imparted useful formal education through its comprehensive modules taught by industry specific faculty."

Rahul Gupta
(2006-2010) Computer
Science & Engineering **TCS**
(CTC - 4.5 lac p.a.)

"It groomed me professionally by providing a successful industry interface through an Innovation centre. And finally gave me a vision and a much needed direction by placing me in a leading consultancy TCS."

Satyarth Khanna
(2006-2010)
Computer Science & Engineering
TCS
(CTC - 4.5 lac p.a.)

"The practical experience that I gained in RDEC through the Innovation centre, together with academics is helping me today in my workplace to give my optimum efforts and achieve results."

Muktesh Mishra
(2006-2010)
Computer Science & Engineering
TCS
(CTC – 4.5 lac p.a.)

"RDEC creates a synergy between academics and professional training through Innovation centre. The benefit of working while you are studying was best understood once I entered the industry full time on completion of my course. "

Dhru Jain
(2006-2010)
Computer Science & Engineering
TCS
(CTC – 4.5 lac p.a.)

"In RDEC the students get experience while they study. This helps them compete for the best jobs in the industry. "

Puja Sharma
(2006-2010)
Electronics & Communication
**Nokia Siemens Network (CTC -
5 lac p.a.)**

"RDEC provided me with the skills which gave me an edge to rise in my company faster than my colleagues from other Engineering colleges."

Tanupriya Panwar

(2006-2010)

Electronics & Communication
**Ericsson India Global Services Private
Limited**

(CTC – 4.5 lac p.a.)

“No college in India provides such a platform for success. I want to be a part of the RDEC family now and always!”

Pooja Sharma

(2006-2010)

Electronics & Communication

IBM –India

(CTC - 5 lac p.a.)

“ The Innovation centre at RDEC led to a full-time occupation in industry for me even before I finished the course! After working in the organization, I found that the job really complimented my talents and it was best suited for me.”

Daisy Dhar Singh

(2006-2010)

Electronics & Communication

Quality Control Engineer at

ORIENT FANS

(CTC - 4 lac p.a.)

“If you are looking for reliable career oriented courses with assured job placements, RDEC might be the right choice, as you 'learn to earn'.”

Brij Mohan Singh
(2006-2010)
Electronics & Communication
Production Engineer at
ORIENT FANS
(CTC - 4 lac p.a.)

“At RDEC professional consultants are available to us to discuss any aspect of our learning and giving us personal guidance.”

Rohit Shukla
(2006-2010)
Mechanical Engineering
Production Engineer at
Uttam Galva Steels Ltd
(CTC - 4 lac p.a.)

“My days at RDEC were memorable and exciting. I gained a lot of experience through my traineeship through Innovation centre and got myself a great job at the end of the course.”

Deepak Mishra
(2006-2010)
Mechanical Engineering
Production Engineer at
Sakar india pvt ltd
(CTC - 4 lac p.a.)

“Industry oriented training helped me realize the importance of goals and vision in my life.”

Piyush
(2007-2011)
Electronics & Communication
H.C.L.
(CTC - 4 lac p.a.)

“RDEC gave me an industry exposure which has certainly added value to my professional career. I also got an experience of working in Malaysia which greatly enhanced my skills and abilities.”

Parul Gupta
(2007-2011)
Computer Science Engineering
R System
(CTC - 4 lac p.a.)

“One of the most valuable things I gained from the Innovation centre at RDEC was a close relationship with my Current Company R System. At Innovation centre we gain a lot of knowledge that cannot be taught in a classroom. It was great to be taught by someone who had already gone through what I was still learning & having Industry experience.”

Sonam Jain
(2008-2012)
Electronics & Communication
Gate Score : 99.6 percentile
(Highest in NCR in 2012)

“Thanks to the sound grounding that I received in RDEC, because of which I am able to pursue my further studies at IIT Roorkee.”

Reetika Nigam
(2008-2012)
Computer Science Engineering
12th Rank Holder in G.B.T.U.

“It’s a nice college. The faculties are very good. It’s not just the studies but the environment is also very friendly. In this college I have learnt that it is important to become a good engineer but firstly we should become a good human being.”

Sonika Sharma
(2008-2012)
Electronics & Communication
Ericsson India Global Services Private Limited
(CTC – 4.5 lac p.a.)

“I recall my tenure at RDEC as one where my knowledge and understanding of my future career increased daily under the guidance of some of the best industry professionals.”

Veent Pandey
(2008-2012)
Electronics & Communication
NIIT Technolgy
(CTC - 4 lac p.a.)

“RDEC's is the only institution I know where trainers take a keen interest in developing industry specific curriculum.”

Sakshi Singh
(2007-2011)
Electronics & Communication
I.C.I.C.I. Bank
(CTC – 3.5 lac p.a.)

“RDEC ensure students’ bright future. It is the connection between learning and experience.”

Gaurav Pathak
(2007-2011)
Electronics & Communication
Design Engineer at Crestron Asia
(CTC – 4.5 lac p.a.)

“RDEC is unique in many ways - industry relevant curricula, traineeship. The environment is futuristic and enables learners to be geared to achieve success in any field they choose and in any part of the country.”

Nupur Sharma
(2007-2011)
Information Technology
HCL Technologies
(CTC – 4.5 lac p.a.)

“RDEC is the only institution to offer students a pioneering Traineeship Programme through its innovation centre, which provides them an opportunity to get a flavor of the real world while still learning in the institution.”

Neha Yadav
(2007-2011)
Information Technology
Software Engineer at Wipro
(CTC – 4.5 lac p.a.)

“Believe me, the kind of Traineeship approach RDEC has through its Innovation centre is not even heard about in India. The course structure of innovation centre is very well defined and integrated.”

Satish Chauchan
(2007-2011)
Mechanical Engineering
Engr at Sravanthi Energy Pvt. Ltd
(CTC – 4 lac p.a.)

“RDEC College has been my gateway to success, as it has given my career a professional edge.”

Satish Kumar Yadav
(2008-2012)
Computer Science
Gate Score : 99.6 percentile
(Highest in NCR in 2013)

“RDEC has provided me a good foundation through its experienced faculties. Special classes for our queries in the evening helps a lot to understand the subjects & enhances technical concept as well as academic skills.”

Arindam Chakravarty
(2007-2011)
Electronics & Communication
Birla soft
(CTC – 4.5 lac p.a.)

“When I came to Birla soft, after seeing my portfolio they thought that I am over qualified for the fresher’s job and they offered me senior position that saved me, one year of training, that is all because of RDEC’s Traineeship approach through its Innovation centre ”

Vatsala
(2008-2012)
Information Technology
Dell International Services
India Pvt Ltd
(CTC - 4 lac p.a.)

“The trainers at Innovation centre of RDEC are competent in their respective fields and share their vast experience which is useful for developing confidence and ensuring good performance in the market.”

Abiroop Das
(2007-2011)
Electronics & Communication
HCL Technologies
(CTC – 4.5 lac p.a.)

“RDEC has provided me with a good traineeship. Work for company while you learn is a great concept that enhances our corporate as well as academic skills.”
